1. This is the time, moment, that time dies. Watch me afford not the little ones time with those who rob, kill, and destroy, but bringing them into my kingdom as a child, witnesseth.
2. Go forth in the power of my might unabated, unafraid; swording no one but bringing peace to hostility, clarity to ambiguity, my definitions to all-ologies. I love you.
3. Be me, think me, you are/have me. Into the ozone not but farther faster and who can see lightning speed accelerated off the map? Having a map? No map, no guide but me. Surrender the key/gyroscope.
4. The kingdom of heaven calleth, beckoneth, and all await your arrival.
5. First class, not; mine, my class, one is. All first'd.
6. I love you, await your presence in one-hood, the second of no return.
7. I love you awaiting on me/us and we are here/there with you every moment/thought, questing surrender thought, you have/won/are here now with us, not knowing/seeing us quite, perhaps moments moment'd, perhaps father... any moment. I love you.
8. You the first not, second, and second first'd who makes seconds not but further firsts. I love you. Bowing before all, the kingdom of heaven rich is and affords all my father has, for all. There is no lack and creation groans not here. The creator is magnified a hundred times, 100 X and more, times that again; one we are/must remain, do.
9. Live oh king forever, not; unto us a child is born in the city of David, not; Tulsa, not now, London, crossroads of the world, not; but will be, fortuitously not, for many come now to see/contact/interact with the place of your birth, birth in me, into kingdom one. Long live king Ted, not; but one surrenderer who lives forever. Dead, died, now lives/resurrects, one-hood tamed, not; but given to all who drink of this water of life now purified seven times. More. I love you all now and always.
10. Drinking of the water of life freely, their own, cistern, mine, ours, father's, we are one teaching one they are and the water of life resides in them, the fount of life/youth in them, father's heart/wishes; granted/entered only in/by surrender, the holy of holies entered, living forever, never leaving their temple which is our temple.
11. This is the moment, time, and who accordeth me to me? All who want me this much. See the healed, broken no longer, restored, made as new, not; better. I love you all.

12. This is the moment/London crashes not but resumes life routine as usual, not; coming into me seen, me seeing them, them me in you/us, we cantankerize no one but consternation cause in many camps not me/wondering.

13. Proclaiming my success, not; but surrender, surrender teaching/proclaiming to all who interested are. Ted, all are. I love you all. Me.

14. Think not of another time, place, but seeing me reside in me. Think me, thank me, thank our father, now being who we are. One more, not; thousand millions. Watch me/us us the many mighty who mighty many become in surrendered humility, becoming drink-offerings before us, not; in/with us. I love you. Kingdom of heaven/one now restored, not; centuries worth. I love you all.

15. We are one. We love you. Understand? We love you. We writing/bringing this to you to offer you us/this meal, us, we, we love you.

16. Subjected not; subservient, not; surrendered to surrender ultimate/ultimate surrender becoming most high, living in humility still, meekness meekness'd before/with/into ultimate meekness, our father. I love, we love, you all.

Goodnight.

Amen.
